

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Currently Amended) A method for publishing images at a website coupled to a communication network and for ordering goods and/or services to be provided by a fulfillment provider coupled to the communication network with respect to images stored at said fulfillment provider, comprising the steps of:

said fulfillment provider receiving a high resolution digital image from a user device over the communication network, the user device coupled to the communication network;

said fulfillment provider storing said high resolution digital image including associating a unique ID with said high resolution digital image, said unique ID identifying both a storage location of said high resolution digital image and an internet address of the fulfillment provider;

forwarding said unique ID over the communication network to said user device;

said website receiving over the communication network from said user device a low resolution image copy of said high resolution image and said unique ID;

said website providing over the communication network said low resolution image along with an action button that is associated with said unique ID; and

forwarding to a network connected viewing device over the communication network an order screen from said fulfillment provider when said action button is selected by on said viewing device so that the viewing device will be able to place an order over the communication network directly with said fulfillment provider for goods and/or services with respect to said high resolution image stored by said fulfillment provider.
